SCORECENTER FOR BLACKBOARD

A better way to track your students' scores!

SoftChalk ScoreCenter is the most reliable and flexible way of tracking your student score data from SoftChalk content into the Blackboard Learn gradebook.

Currently available for use with Blackboard Learn 9.0 and 9.1, SoftChalk ScoreCenter for Blackboard supports the tracking of score data from SoftChalk content directly into the Blackboard gradebook. SoftChalk recommends using ScoreCenter as the most reliable and flexible way of tracking your student score data from SoftChalk content into Blackboard.

ScoreCenter for Blackboard offers these exciting features:

- **Reliable**—you can depend on accurate reporting of score data from SoftChalk content into the Blackboard gradebook
- **Flexible Scoring Options**
 - Choose single, multiple or unlimited student attempts
 - Choose to record grade as first attempt, last attempt, highest attempt or average of all attempts
- **Student receives continuous feedback** from ScoreCenter as they complete scored activities
- **“Resume” feature** allows student to pick up where they left off in a lesson that was not completed
- **Detailed Score Data** available to instructor
- **Support for Essay-style questions**

To use ScoreCenter for Blackboard, your Blackboard system administrator must first install the ScoreCenter for Blackboard building block in your institutional Blackboard system. We invite you to visit our website to learn more about ScoreCenter for Blackboard and to register to attend one of our free SoftChalk ScoreCenter webinars.
